SKI RESORT DESCRIPTION

With more than 75 years of history, La Molina has become a modern and innovative resort, which has a wide variety of sports and leisure activities to satisfy all tastes.

This season, the resort will open two new lifts. On the one hand, the second part of the Gondola with arrival at the Niu de l'Àliga Refuge, giving the client the opportunity to reach the 2,537 level and the Cadí Moixeró Natural Park. This extension of the Gondola will also facilitate the client access to the joint domain La Molina-Masella. On the other hand, the El Llac ski lift, leaving from the La Molina lake area and arriving at the Coll de Pal area.

As a host of major events, a long tradition in high international competitions guarantees the quality of the slopes as well as the facilities of La Molina. Skiers and snowboarders enjoy 71 kilometers of ski domain, divided into 68 slopes for all levels, a snowpark, Fun Park and a new Big Air Bag in Tramolí area. As well as a boardercross and the biggest half pipe in the Pyrenees, in Alabau area.

In La Molina you can get the best out of yourself, whether you are skier, snowboarder, whether a professional or a beginner. Age doesn't matter either. What it really matter is the sensation the snow gives you.

For those who don't ski, the resort also offers a large number of snow activities as an excursions in snow grooming machine, snowshoe area, tubing and Adventure Park. As well as a wide gastronomic and accommodation offer. This offer is located in the very unique region of La Cerdanya, where La Molina is an emblematic reference.
